

Commercial offer

OJSC "Kayrakkum Carpets " (Republic of Tajikistan) is honored to offer you a partnership and consider the possibility of supplying our products.

Our advantages

- OJSC "Kayrakkum Carpets" has a modern new fleet of high-performance weaving looms that can produce carpet products that satisfy the demand of our partners and their customers;
- We pay special attention to the quality of our products. The range of products is wide and varied, it is constantly complemented and suitable for modern interior of a house, apartment, childrens institution, hotel and office;
- The unique geographic location of OJSC "Kayrakkum Carpets" enables to optimize transportation costs, as well as shorten the delivery time of final goods up to 5-7 days.
- The export of products produced in Tajikistan to Armenia will allow the offsetting of VAT paid for its customs clearance, which reduces its cost price. We are ready to make carpets according to your specifications (height, density, color, etc.);
- Highly qualified group of artists in the shortest time enables us to expand the range of products on the proposals of our partners;
- Our marketers often analyze the market, which leads to an improvement in the companys development;
- We are ready to consider proposals on the terms of mutually beneficial cooperation. For more detailed negotiations we are ready to receive your representatives at us or will meet at your premises. At large and constant volumes discounts can be offered;
- Quality, mutual trust and professional approach are the strong platform on which rests the success of our partner program.

We are very pleased to consider proposals for the sale of our products. To study the demand for our products from your customers, we can provide you with specimen, catalogs and any other additional information.

Quality, mutual trust and professional approach are the strong platform on which rests the success of our partner program.
